

# Instruction and Templates

## **Table of Contents**

For each kind of Foldable®, you will find an instruction page followed by several template pages.

One-Tab . . . . .	Foldables 2
Two-Tab . . . . .	Foldables 15
Three-Tab . . . . .	Foldables 35
Venn Diagram Tab . . . . .	Foldables 45

# Notebook Foldables®

Using Foldables® in the *Reading Essentials and Study Guide* will help you develop note-taking and critical-thinking skills.

## One-Tab

## Folding Instructions

1. Cut out the One-Tab Foldable® template found on the following pages.
2. Fold the anchor tab over the information tab.
3. Glue the anchor tab to your workbook according to the instructions in the lesson.

*Tip:* Multiple Foldables® can be glued on top of each other by gluing anchor tabs on top of anchor tabs. This would make a small book on the page.

One-Tab Foldable® glued onto a Two-Tab Foldable® to make a study book.

## Notebook Foldables®

Using Foldables® in the *Reading Essentials and Study Guide* will help you develop note-taking and critical-thinking skills.

### Venn Diagram

### Folding Instructions

1. Cut out the Venn Diagram Foldable® template found on the following pages.
2. Fold the anchor tab over the information tab.
3. Glue the anchor tab to your workbook according to the instructions in the lesson.
4. If directed, cut the information tabs up to the anchor tab in the center of each circle to create three tabs.

*Tip:* Multiple Foldables® can be glued on top of each other by gluing anchor tabs on top of anchor tabs. This would make a small book on the page.

One-Tab Foldable® glued onto a Two-Tab Foldable® to make a study book.
